gyda dŵr

For the last few years Dŵr Cymru Welsh Water has been working to help improve access to fresh tap water for children in schools across Wales. Following the partnership with the Welsh Assembly Government to provide water coolers to schools, Dŵr Cymru Welsh Water is now working with PHS Waterlogic to help give all schools in Wales easier access to high quality water bottles at a low cost.

Using its buying power, Dŵr Cymru Welsh Water has sourced a supply of water bottles that comply with the guidelines produced by the Welsh Assembly Government for use in schools (www.healthschool.org.uk). They can be used to help children gain easier access to fresh drinking water through bottles-on-desk schemes or other initiatives in schools which are promoting healthy lifestyles

- Durable clear plastic bottle, specifically designed for drinking water
- A new innovative non spill closure cap introduced following feedback from users
- Closure cap requires no handling to release and close – simple, safe and hygienic
- Dishwasher safe bottle and lid for easy cleaning
- Wide mouth (63mm) giving ease of access for refill and cleaning
- High visibility name plate for individual marking

£ 63.00 per box of 50 (£5 delivery charge for 1 box ordered, FREE delivery for 2 or more).

Bottles can be ordered from
PHS Waterlogic on **01252 852650**
quoting 'Welsh Water Sports Bottle'
