Dear Sue,

Thank you very for letting us come to the Alwen yesterday. We had a great time. I liked the pond dipping best but I also enjoyed the Mini beast hunt, finding creatures I had never seen before. I liked all the information you gave us about the Alwen. I liked going out to the garden to have my lunch. It was very sunny.

Dear Sue,

Thank you for taking us pond dipping  
and into the trees collecting  
bugs and insects.

~~##~~ I liked Pond dipping the best.  
I've never caught a nymph or a newt  
and tadpoles. I love looking at the  
bugs spiders, slugs, millipede and  
centipedes under the microscope.
